

Rolling Stones – Bootlegs and 7" Leftovers

© Felix Aeppli 1996 / 2003 / 2019

NOTES: The following bootleg sections are based on two older publications:

Felix Aeppli, *The Ultimate Guide To The Rolling Stones* (Bromley, Kent: Record Information Services, 1996), pp.431-469; and

Felix Aeppli, *The Rolling Stones, 1962-2002: The Ultimate Guide to the First Forty Years*, Fully Illustrated Book on CD-ROM (Zurich: MPH - Mathis Publishing House, 2003).

This, of course, means that you can't expect a comprehensive and up-to-date Rolling Stones bootleg discography. Rather you will find two specific sections here:

A **complete vinyl** discography, 1969 – June 1984 (Entries 9001-9399); and

A **selected CD** discography, 1983-2007 (Entries 9501-9643).

After that, under the title **Leftovers**, you'll find a list of 100+ "foreign" 7inch records coming from the author's private collection (Entries 9801-9907).

All Down The Line: Complete Vinyl Bootleg Discography, 1969 – June 1984

Some information regarding the origin of tracks (Entry numbers in parentheses) might be outdated. For accurate references see the latest version of **Felix Aeppli's online database** <http://aeppli.ch/tug.htm>.

Not Fade Away: 7" Leftovers

Felix Aepli's Rolling Stones collection is currently (June 2019) being transferred to the Sozialarchiv Zurich. Most of the almost 3,000 items involved in this handover are, of course, connected to The Ultimate Guide. Another set of 100+ vinyl singles (collected from all five continents by the author over the years) did not qualify for inclusion into TUG which is basically dealing with UK and US releases. For the sake of completeness (but by *no means* as a first step for a world-wide Stones discography), these "foreign" records are listed here separately, alphabetically arranged by country.
